About Me

I'm a textile designer and pattern maker. I've been working in the garment industry for over ten years. I was part of the creative (design) and operational (pattern making and coordination) for both European and national markets (Spain). In operation, experience with Illustrator, CAD (Optitex, Gerber and Pad System). Specialized in womenswear, swimwear and underwear. On the creative side, working on yoga/ activewear lines with prints for various types of products and accessories. International and multilingual collaborations (mainly in English, Spanish and Hungarian).
